IRRIGATION

This checklist is designed to expedite permit application processing by ensuring that all required documentation is submitted with your application.

Submit one (1) notarized copy of the permit application and two (2) copies of this checklist.

This permit is to cover one of the following: *(please check applicable statement, or fill in the line marked "other")*

- Installation of well and new sprinkler system
- Installation of new sprinkler system utilizing domestic water supply
- Installation of new sprinkler system using water from adjacent lake/canal
- Modifications to existing sprinkler system
- Changing from domestic water to well water; sprinkler system is existing
- Changing from domestic water to drawing from lake or canal; sprinkler system is existing
- Changing from well water to domestic water; sprinkler system is existing
- Changing from drawing from lake or canal to domestic water; sprinkler system is existing
- Other: _____

REQUIREMENTS:

- 1. Need to provide a plan showing building or structure (plot plan) and site to be irrigated.
- 2. Provide on plans the following requirements as per the Florida Building Code (Plumbing), Appendix F, and Broward County Ordinance No. 2001-42. Show exactly what pertains to this permit application. If commercial property, an engineer or landscape architectural seal is required.
- 3. An electrical permit is required to wire line voltage to a new pump or irrigation controller.

WATER SOURCE:

Check one: Well Broward County Domestic Water Supply Draw from lake or canal

- 1. Show source of water.
- 2. Provide and show backflow prevention method.
- 3. If well or other than domestic water supply, show on plan.
- 4. If installation is for commercial facility and the source of water is not from a metered domestic potable source, then a copy of the Water Consumptive Use Permit from South Florida Water Management District must be submitted, as per State Statute 373(216)(219).

If Well: A Water Consumptive Use Permit from the Broward County Health Department is required. A permit is also required from the City of Wilton Manors, and it will be a no-fee permit. A copy of the Health Department permit must be attached to the permit application.

If drawn from Lake or Canal: Homeowner association approval may be required. By signing this checklist, the applicant is attesting to the fact that HOA or COA approval has been obtained.
