## SPECIAL NEEDS SHELTERS

If you have a medical condition that requires a greater level of care than that provided at a General Population shelter, but you do not require hospitalization, a Special Needs Shelter may be appropriate for you. Broward County operates a Special Needs Shelter Program. These shelters offer basic medical assistance and monitoring. They are staffed by qualified medical personnel and have back-up electricity for limited lighting and essential medical equipment. Family members and caregivers are encouraged to accompany residents with special medical needs.

All residents seeking shelter in a Special Needs facility will be reviewed on an individual basis to determine the best placement for their needs. Pre-registration for the Special Needs Shelter is open throughout the year and, while not required, is strongly encouraged to ensure that the shelter will be adequately prepared to meet your needs.

If you are elderly, frail, disabled or have a special medical need and are concerned about your sheltering plan, or if you want the latest information on shelter modifications for individuals with disabilities or special needs, contact Broward County Human Services Division at 954-357-6385 or TTY 954-357-5608.
