

AGENDA

WILTON DRIVE IMPROVEMENT DISTRICT REGULAR MEETING

Wednesday, September 8, 2021 at 6:30 PM
2020 WILTON DRIVE, WILTON MANORS, FLORIDA 33305

1. CALL TO ORDER

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

4. COMMENTS FROM THE PUBLIC

Any member of the Public may speak for three minutes.

5. APPROVAL OF MINUTES

- a. June 10, 2021 Minutes
- July 8, 2021 Minutes

6. OLD BUSINESS

- a. Safety
 - 1. Lighting Update
 - 2. Crosswalk Update
- b. Marketing
 - 1. Update on Shoppes of Wilton Manors Site Redevelopment by Jorge Espinal
 - 2. Digital Advertising Update by Andy Perrott, Lightship Media
 - 3. Auto Show Debrief
- c. Beautification
 - 1. Street Furniture Update

7. NEW BUSINESS

- a. Safety
 - 1. Bike Repair and Air Station
- b. Marketing

1. Update on Wiltondrive.org website
2. 2021 Deck the Drive and Holiday Decorations Committee Update
3. Business Retention
- c. Beautification
 1. Electrification

8. ADJOURNMENT

Pursuant to FS. 286.0105, if a person decides to appeal any decision made by the Board, Agency or Commission with respect to any matter considered at such meeting, or hearing, they will need a record of the proceedings and that for such purposes they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based. Any person requiring Auxiliary Aids and Services for the Meeting may call the ADA Coordinator at 954-390-2122 at least two working days prior to the meeting. If you are Hearing or Speech impaired, please contact the Florida Relay Services by using the following phone numbers: 1-800-955-8770 (Voice) 1-800-955-8771 (tdd)

Pursuant to FS. 286.0105, if a person decides to appeal any decision made by the Board, Agency or Commission with respect to any matter considered at such meeting, or hearing, he/she will need a record of the proceedings and that for such purposes he/she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based. Any person requiring Auxiliary Aids and Services for the Meeting may call the ADA Coordinator at (954) 390-2120 at least two working days prior to the meeting. MINUTES

WILTON DRIVE IMPROVEMENT DISTRICT

Wednesday July, 8 2021

5:30pm Virtual Hybrid Meeting

CALL TO ORDER

Chair LoGrande called the meeting to order at 5:31PM.

PLEDGE OF ALLEGIANCE

ROLL CALL

Members Present

Chair Tony LoGrande
Vice Chair Doug Blevins
Claudia Castillo
Matthew Dreger
Member Zeiba

Members Not Present

Paul Hugo

Staff Present

Assistant City Manager Pamela Landi
Legal Counsel Ginger Wald

COMMENTS FROM THE PUBLIC

Chair LoGrande opened the floor to public comment.

There being no public comment, Chair LoGrande closed the public comment period.

APPROVAL OF MINUTES

OLD BUSINESS

*Safety

*Marketing

*Beautification

NEW BUSINESS

RESOLUTION NO. 2021-002:

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE WILTON DRIVE IMPROVEMENT DISTRICT RELATING TO THE IMPOSITION OF NON-AD VALOREM ASSESSMENTS; APPROVING AND ADOPTING A FISCAL YEAR 2021-2022 FINAL ASSESSMENT ROLL; SETTING A PUBLIC HEARING FOR THE PURPOSE OF RECEIVING PUBLIC COMMENT ON THE IMPOSITION, LEVY AND COLLECTION OF SUCH ASSESSMENTS PURSUANT TO SECTION 197.3632, FLORIDA STATUTES; DIRECTING THE PROVISION OF NOTICE THEREOF; AUTHORIZING THE TRANSMITTAL OF NECESSARY INFORMATION TO THE PROPERTY APPRAISER; PROVIDING FOR SEVERABILITY; PROVIDING FOR CONFLICTS; AND PROVIDING FOR AN EFFECTIVE DATE.

Moved by Vice Chair Blevins
Seconded by: Member Dreger
Passed as amended.

***Safety**

***Marketing**

*** Beautification**

Pamela announced that the August 11, 2021 meeting is cancelled.

ADJOURNMENT

Meeting adjourned at 5:37pm

The next meeting will be September 8, 2021 at 6:30 PM.

The 2021-2022 Final Assessment Adoption Hearing will be held on September 13, 2021 at 5:30 PM.

Tony LoGrande, Chair

Date

In order of priority :

1. Trash Bins
2. Bicycle Racks
3. Benches

Trash Bins shall be constructed of plasticized wood or steel construction with electrostatic epoxy coating in multiple colors reflecting the WDID branded color scheme and with a space of approx 8" circumference or 8"x 8" square for the WDID logo .

The bins shall have an inner vinyl liner and be sized to not to exceed 45 lbs of trash and be able to fit a large trash bag . Bins may be square or round .

Bin shall have an integrated " ash urn " at the top filled with sand , to prohibit water from entering the main bin and to allow for a minimum of 12" space for trash disposal .

1. Bicycle rack shall be a simple 2" steel tube with electrostatically applied epoxy in turquoise . The top shall be a circular form with an inner ring of 8" in circumference to contain the WDID logo .Rack can be used in multiples or a single installation to park and lock 2 bicycles .
2. Bench shall be constructed of a steel frame with electrostatically applied epoxy . It shall measure 5'-0 in length and be divided into two seats to prohibit sleeping or skateboarding . The back shall be 38" high and have a custom laser cut detail of the " WDID Star" or shall be plasticized wood with a laser cut detail of the "WDID Star" . The seat height shall be 18" . The frame color shall be blue with turquoise seating and back. Back shall have space for the WDID logo approximately 8" in circumference or 8" x8" square . The seat and back will be plasticized wood .Back of bench frame shall also accommodate a steel donation plaque horizontal dimension of 2" x 4"

Wilton Manors, FL 33305

RE: Wilton Dr. Electrical and Lighting Survey and Master Plan
CGA Proposal No. 21-4389

Dear Ms. Landi,

Calvin, Giordano and Associates, Inc. (CGA) is pleased to submit this proposal to Wilton Manors (CITY) for Professional Services for Wilton Drive, for the segment from the River to the Five Points intersection. The CITY has expressed a desired goal for a more aesthetically pleasing, pedestrian friendly lit corridor and to accommodate holiday and event lighting on the improvements that have already been performed as part of the recently completed streetscape improvement project throughout the corridor. The scope of work is detailed below. The objectives of this projects include: (a) document, record and analyze existing service points and electrical power availability, and (b) prepare recommendations on how to achieve consistency in lighting illumination levels throughout the corridor and what steps need to be taken to facilitate the provision of electrical services to meet the goals of the project.

It is our understanding that the CITY wishes to approach this project in 2 phases. Phase 1 will consist of documenting and understanding what is existing; Phase 2 will consist of the development of a lighting approach through the development of a corridor-long conceptual design plan. Consistent with that understanding, the detailed scope of work provided herein has been organized similarly into 2 phases.

SCOPE OF SERVICES

Calvin, Giordano & Associates, Inc. will perform the following services based on our understanding of the project requirements:

I. Professional Electrical Engineering Services

A. PHASE 1: UNDERSTANDING WHAT IS EXISTING AND DEVELOPING A STRATEGY ON HOW TO APPROACH THE PROJECT.

1. Task 1 - Pre-Design and Data Collection

- Participate in kick-off meeting with CITY to verify Master Plan vision of Wilton Drive, establish schedules and confirm deliverables for each.
- Perform a field visit to verify existing roadway lighting, and to perform a visual observation of visible service locations, conditions, etc.
- Review existing as-builts to be furnished by the CITY, including:
 - Digital cad-based DWG-format as-built drawings for 'Cobra-head' streetlights, owned by FDOT
 - Digital cad-based DWG-format as-built drawings for 26 pedestrian light poles, owned by the CITY
 - Digital cad-based DWG-format as-built drawings for the roadway and sidewalk improvements that were recently completed as part of the streetscape project on Wilton Drive.
- Collect additional data necessary for the project, including:
 - Investigate and determine ownership of existing wooden pole lights on the cross-streets that intersect Wilton Drive. This investigation will be limited to those light poles that approximate and are visible from the Wilton Drive corridor.
 - Request and collect as-built drawings and information from FPL for any pole lights that they own.
- Assemble a list of allowances permitted by both FPL and FDOT to identify what criteria each agency has in place to allow for potentially modifying existing poles with lighting receptacles, etc.

2. Task 2 - Evaluation of Collected Data

- Evaluate the existing distribution of power to determine what modifications need to be made to have consistency in the wattage throughout.

- Evaluate the existing illumination levels throughout the corridor via a photometrics review to determine if there are deficiencies in lighting or 'dark spots' resulting from the overlapping of lighting being provided by the different entities (FPL, FDOT, CITY). Creating a photometrics plan from the ground-up is a very costly and involved endeavor. A more cost-effective way of preparing the photometrics plan is to use photometric data collected from the agencies. This will require that the agencies provide their digital files used in their lighting design. Files shall be in an AGI or comparable format. The included scope and fees are based on the use of those files to be provided by the agencies.
- Alternately, if those files are not available, then the only way to perform the photometrics study is to recreate the existing conditions in a software platform in order to create an existing conditions photometrics plan. This requires having accurate locations of the existing poles (either via topographic surveys or accurate, digital as-built drawings), collecting specifications for each light fixture from each of the different agencies, collecting metadata on lamp height and lighting distribution pattern for each fixture, and finally importing all that data into the software to generate an approximate photometric plan. (Note that because this exercise essentially reverse-engineers the photometric lighting distribution from existing information, the levels of accuracy of any generated photometrics will be near-accurate but not exactly matching the existing conditions; however, it should be accurate enough to make design determinations.) We have provided a separate cost (\$23,040.00) and survey work description for this more-involved scope of work for your consideration:
 - Survey work will comply with the Standards and Practice for Surveying and Mapping, according to Chapter 51-17.052 of Florida Administrative Code, as adopted by the Board of Professional

Surveyors, Chapter 472, Florida Statutes and comply with any City of Wilton Manors standards and/or requirements.

- As-Built survey for the full right-of-way width of Wilton Drive from the bridge at NE 4th Avenue/Wilton Drive to Five Points intersection which will include but not be limited to asphalt pavement, sidewalks, light poles and appurtenances, planter islands and above ground evidence of underground utilities.
 - Recover right-of-way and property corners along the route survey to establish the Wilton Drive right-of-way corridor.
 - Horizontal control will be referenced to the State Plane Coordinate System, Florida East Zone North American Datum NAD83/90. Vertical Datum 1988 (NAVD88).
 - Survey Deliverable: CD with electronic copies of the Route\As-Built Survey in AutoCAD format along with two (2) signed and sealed originals of Route\As-Built Survey.
- Evaluate the various service point locations to identify existing capacity and anticipate potential future loads in order to determine any additional up-grade or service-point modification needs.

3. Task 3: Service and Lighting Analysis Findings

- In order to convey the collected data and findings to the CITY, CGA will prepare:
 - A survey diagram of all existing lighting poles, identifying ownership patterns
 - An analysis diagram(s) of the existing illumination levels, derived through the photometric study, identifying where acceptable lighting levels exist versus where lighting deficiencies exist
 - A conceptual diagram of potential improvements to be performed and potential locations for directional-boring connectivity for the provision of receptacles or other where needed.

- CGA shall attend a meeting with the City to discuss the existing evaluation findings and potential solutions and ideas in order to move forward with developing the conceptual plan.

B. PHASE 2 – PREPARATION OF RECOMMENDATIONS AND A CONCEPTUAL LIGHTING PLAN

1. Task 1: General Approach Recommendations

- CGA will prepare recommendations to include:
 - The steps need to be taken to facilitate the provision of receptacles for holiday and event lighting versus what fixtures need to be upgraded in order to correct any light deficiencies that were identified, as well as list. It is important to note that it is our understanding that any pedestrian streetlights recently installed as a part of the Wilton Drive streetscape project shall remain as-is and that any lighting upgrades will be limited only to other streetlights outside of that project.
 - The necessary coordination efforts and processes to upgrade any needed service-points
 - The necessary modifications for voltage-conversions, where needed
- CGA will prepare recommendations on how to best achieve the up-lighting of existing street trees along the corridor.
- CGA will prepare preliminary recommendations on a list of fixtures that may be considered for any lighting upgrades, limiting fixtures to ones that are dark-sky friendly.
- CGA will prepare a conceptual Order of Magnitude cost estimate identifying costs based on a unit-cost for the following:
 - Upgrading FDOT streetlights
 - Upgrading FPL streetlights
 - Upgrading incidental CITY-owned streetlights
 - Modifying CITY-owned poles to add receptacles
 - Providing receptacles on FDOT- or FPL-owned poles, limited to the parameters allowed by each

agency

- Providing up-lights to street trees
- Performing upgrades/modifications to service point locations
- Providing directional-bores, based solely on a per-linear-foot calculation
- CGA will attend 1 meeting with CITY staff to review the findings and the recommendations being made in order to continue with development of the Conceptual Lighting Plan.

2. **Task 2: Conceptual Lighting Plan and Cost Estimate**

- Based on the findings and acceptance of the recommendations for Task 1, CGA will prepare a conceptual lighting plan for the corridor. The conceptual plan will be developed to the level of detail consistent with 30% construction plans. It will include:
 - Locations of all existing streetlights based on a survey to be provided by the CITY
 - Updated photometrics plan with the recommended upgrades/modifications
 - Locations of any new fixtures installed, modified or upgraded
 - Specifications for all fixtures being recommended
 - Locations of any new receptacles to be furnished
 - Receptacle installation details
 - Typical lighting fixture details
 - Conceptual detail(s) for directional boring
 - Preliminary circuitry and panel schedules
 - Preliminary service point upgrade schedules, details, and notes
 - Conceptual-level Cost Estimate.

BASIS OF PROPOSAL

- Any opinion of the construction cost prepared by Calvin, Giordano & Associates, Inc. represents its judgment as a design professional and is supplied for the general guidance of the CLIENT since Calvin, Giordano & Associates, Inc. has no control over the cost of labor and material, or over competitive bidding or market conditions. Calvin, Giordano & Associates, Inc. does not guarantee the accuracy of such opinions as compared to contractor bids or actual cost to the CLIENT.
- Any outside engineering services, studies, or laboratory testing not specifically mentioned in the Scope of Services will be the responsibility of the CLIENT. All municipal, permit, and agency fees as well as Title Certificates will be paid by the CLIENT.
- Basic services outlined within this proposal shall be considered complete when the project plans are submitted to the regulatory agencies for Certification.
- Calvin, Giordano & Associates, Inc. is performing the consultant services set forth in this Agreement strictly as a professional consultant to CLIENT. Nothing contained in this Agreement shall create any contractual relationship between Calvin, Giordano & Associates, Inc. and any contractor or subcontractor performing construction activities on the project, or any of CLIENT's other professional consultants.
- Calvin, Giordano & Associates, Inc. shall not be responsible for the contractor's schedules or failure to carry out the construction in accordance with the construction documents. Calvin, Giordano & Associates, Inc. shall not have control over or charge of acts or omissions of the contractor, subcontractors, or their agents or employees, or of any other persons performing portions of the construction.
- Calvin, Giordano & Associates, Inc. will require that all consultants carry proper insurance, including professional liability insurance, if appropriate.
- Permit construction certification will include one partial and one final inspection.

ADDITIONAL FEES

The following services are NOT included in this proposal and will be considered Additional Services, which will be addressed in a separate contractual agreement. The services include but are not limited to:

- Architectural, structural (i.e., retaining walls, bridges, docks), mechanical (i.e., fire pumps), fire protection, geotechnical and testing, environmental assessment, power, gas, telephone, cable television, site lighting services.
- Calculations for needed fire flow for site demands, based on building type use and size, if required.

- Calculations of off-site flood stages.
- Construction quality control inspections.
- Off-site engineering and negotiations for off-site easements, if required (other than as specified in the Scope of Services).
- Permit application or negotiation with permitting authorities other than those specifically listed herein.
- Preparation of construction contract documents, other than drawings and technical specifications (e.g., bid schedule, project manual);
- Professional land surveying not included in the scope of services (i.e., buried utility investigation, easement research, condominium documents, project stake-out and as-built drawings).
- Professional services required due to conditions different from those itemized under the Scope of Services or due to events beyond the control of Calvin, Giordano & Associates, Inc.
- Professional services required, due to changes in the site plan initiated by the CLIENT, their representatives or other consultants (e.g., architects, landscape architects, etc.) after either design or preparation of the construction drawings has commenced.
- Re-review of rejected shop drawings.
- Review and approval of Contractor pay requests.
- Review of Data supplied by the CLIENT (i.e. GIS data sets, databases, aerial images, etc.) required for integration into this project.
- Review of shop drawings for contractor or Client selected alternatives, materials, products, etc.
- Special shop drawing annotation and modification to expedite shop drawing approval process.
- Updated boundary survey, site evaluation or closing assistance work, unless specified above.

REIMBURSABLE EXPENSES

Calvin, Giordano & Associates, Inc. and its consultants will be reimbursed for the printing of drawings and specifications, deliveries, Federal Express services, required travel time and travel expenses, long distance telephone calls, fax transmittals, postage, fees paid for securing approval of authorities having jurisdiction over the project, renderings, models and mock-ups required by CLIENT, as required. Reimbursable expenses and sub-consultant invoices will be billed directly to the CLIENT at a multiplier of 1.25.

MEETING ATTENDANCE

Due to the difficulties of predicting the number or duration of meetings, no meetings other than those listed above, are included in the Schedule of Fees shown below. Preparation for and meeting attendance, as necessary, will be provided on a time and materials basis and will be billed at the standard hourly rates in accordance with the attached Hourly Rate Schedule.

SCHEDULE OF FEES

Calvin, Giordano & Associates, Inc. will perform the Scope of Services for a lump sum fee as shown in the proposed Schedule of Fees:

PROPOSED SCHEDULE OF FEES	
I	Professional Engineering Services
A	Base Professional Electrical Engineering Services \$27,125.00
B	Additional Fee for Professional Electrical Engineering \$23,040.00
	and Survey Services for AutoCAD files preparation
II	Meetings not included in I thru I Hourly
TOTAL Lump Sum (Plus Hourly Services) \$50,165.00	

TERMS OF THE AGREEMENT

- Calvin, Giordano & Associates, Inc. and the CLIENT agree by their signatures on this document that each party will not hire or attempt to hire any staff from the other party while under contract together.
- Calvin, Giordano & Associates, Inc. is preparing and providing drawings, plans, specifications and other documents as outlined in the scope of services for this Agreement for use in the construction of this project, based upon design and construction criteria prepared and provided by others, including but not limited to the CLIENT and CLIENT’s consultants. Calvin, Giordano & Associates, Inc. is not responsible for any errors and omissions in the aforesaid design and construction criteria provided by others.

- CLIENT agrees to indemnify, hold harmless and, at Calvin, Giordano & Associates, Inc.'s option, defend or pay for an attorney selected by Calvin, Giordano & Associates, Inc., to defend Calvin, Giordano & Associates, Inc., its officers, agents, servants, and employees against any and all claims, losses, liabilities, and expenditures of any kind, including attorney fees, any appellate attorney costs, court costs, and expenses, caused by, arising from, or related to any acts, omissions or negligence of CLIENT or its consultants.
- CLIENT agrees to limit Calvin, Giordano, & Associates, Inc.'s liability for any and all claims that CLIENT may assert on its own behalf or on behalf of another, including but not limited to claims for breach of contract or breach of warranty, to the amount of fees paid to Calvin, Giordano & Associates, Inc., pursuant to this Agreement.
- Drawings, specifications, and other documents and electronic data furnished by Calvin, Giordano & Associates, Inc. in connection with this project are instruments of service. All original instruments of service shall be retained by Calvin, Giordano & Associates, Inc. and will remain their property, with all common law, statutory and other reserved rights, including copyright, in those instruments. This information provided in the instruments of service is proprietary and will not be shared with others without prior written consent. The CLIENT may request reproducible copies, and all original documents upon payment of all outstanding invoices, and expenses.
- In the event of termination in accordance with this Agreement or termination not the fault of Calvin, Giordano & Associates, Inc., Calvin, Giordano & Associates, Inc. shall be compensated for services properly performed prior to receipt of notice of termination, together with Reimbursable Expenses then due.
- Invoices for work accomplished to date will be submitted monthly and are payable within thirty (30) days. The CLIENT will pay invoices upon receipt and understands interest charges of 1.5% per month will be applied to any unpaid balance past thirty (30) days. Calvin, Giordano & Associates, Inc. may elect to stop work until payment is received. If work is stopped for thirty (30) days or more, Calvin, Giordano & Associates, Inc. may request compensation for start-up costs when work resumes.
- PURSUANT TO SECTION 558.0035, FLORIDA STATUTES, AN INDIVIDUAL EMPLOYEE OR AGENT OF CALVIN, GIORDANO & ASSOCIATES, INC. MAY NOT BE HELD INDIVIDUALLY LIABLE IN NEGLIGENCE FOR ANY CLAIMS, DAMAGES, LOSSES, OR DISPUTES ARISING OUT OF OR SUBJECT TO THE CONTRACT.

- The CLIENT or their representative shall be available to meet with Calvin, Giordano & Associates, Inc. and provide decisions in a timely manner throughout the course of the project. The CLIENT will provide all plans and other pertinent information, which are necessary for Calvin, Giordano & Associates, Inc. to provide complete professional services as outlined in this contract.
- The terms of Agreement shall be valid for the Client's acceptance for a period of thirty (30) days from the date of execution by Calvin, Giordano & Associates, Inc. after which time this contract offer becomes null and void if not accepted formally (evidenced by receipt of an executed copy of this document). All rates and fees quoted in this document shall be effective for a period of six (6) months, after which time they may be renegotiated with the CLIENT.
- This Agreement may be terminated by either party upon not less than seven (7) days written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination. Failure of CLIENT to make payments to Calvin, Giordano & Associates, Inc., in accordance with this Agreement, shall be considered substantial nonperformance and cause for termination.

MISCELLANEOUS PROVISIONS

- CLIENT and Calvin, Giordano & Associates, Inc., respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns, and legal representatives of such other party with respect to all covenants of this Agreement. Neither CLIENT nor Calvin, Giordano & Associates, Inc. shall assign this Agreement without written consent of the other.
- This Agreement represents the entire and integrated agreement between the CLIENT and Calvin, Giordano & Associates, Inc. and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Calvin, Giordano & Associates, Inc. and the CLIENT.
- Unless otherwise provided, this Agreement shall be governed by the law of the place where the project is located.

TERMINATION OF THE AGREEMENT

- This Agreement may be terminated by either party upon not less than seven (7) days written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination. Failure of CLIENT to make payments to Calvin, Giordano & Associates, Inc., in accordance with this Agreement, shall be considered substantial nonperformance and cause for termination.
- In the event of termination in accordance with this Agreement or termination not the fault of Calvin, Giordano & Associates, Inc., Calvin, Giordano & Associates, Inc. shall be compensated for services properly performed prior to receipt of notice of termination, together with Reimbursable Expenses then due.

We appreciate the opportunity to submit this proposal. Calvin, Giordano & Associates, Inc. is prepared with the necessary manpower to proceed with the proposed scope of services upon receipt of the executed authorization. Our personnel are committed to completing the project in a timely manner. Please indicate your acceptance of this proposal by signing below and returning one executed copy of the contract to this office. We look forward to working with you in making this project a success.

Sincerely,

CALVIN, GIORDANO & ASSOCIATES, INC.

Chris Giordano
