Independent Auditors' Report

Board of Trustees
City of Wilton Manors
Volunteer Firefighters Retirement System
Wilton Manors, Florida

We have audited the accompanying statements of plan net assets of the City of Wilton Manors Volunteer Firefighters Retirement System (the "System") at September 30, 2011 and 2010, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the System's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the City of Wilton Manors Volunteer Firefighters Retirement System as of September 30, 2011 and 2010 and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis and the required supplementary information, as listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. The required supplementary information for the years ended September 30, 2006 and 2007 was reported on by Koch Reiss & Company, P.A. whose report states that they did not audit this information and did not express an opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of the Plan. The accompanying other supplementary schedules of administrative expenses (other supplementary schedules) as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The other supplementary schedules have been subjected to auditing procedures applied in the audit of the basic financial statements, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis (Required Supplementary Information - Unaudited) September 30, 2011 and 2010

Our discussion and analysis of the City of Wilton Manors Volunteer Firefighters Retirement System (the "System") financial performance provides an overview of the System's financial activities for the fiscal years ended September 30, 2011 and 2010. Its purpose is to provide explanations and insights into the information presented in the financial statements, notes to the financial statements and required supplementary information. Please read it in conjunction with the System's financial statements, which follow this discussion.

Financial Highlights

- The System's assets exceeded liabilities at the close of the fiscal years ended September 30, 2011 and 2010 by \$817,183 and \$788,303 (reported as net assets held in trust for pension benefits). Net assets are held in trust to meet future benefit payments. The increases of \$28,880 and \$81,159 of the respective years have resulted primarily from the changes in the fair value of the System's investments due to volatile financial markets.
- The System's funded ratio, a comparison of the actuarial value of assets to the actuarial accrued pension liability, changed from 63.0% as of October 1, 2008 actuarial valuation to 62.4% as of October 1, 2009 valuation and 61.3% as of October 1, 2010 valuation.
- For the fiscal year ended September 30, 2011, receivables increased by \$2,381 (or 5.9%) primarily due to an increase in receivable due from contributing entity.

For the fiscal year ended September 30, 2010, receivables increased by \$10,109 (or 33.5%) primarily due to an increase in receivable due from contributing entity.

- For the fiscal year ended September 30, 2011, liabilities decreased by \$227 (or 100.0%) primarily due to a decrease in payable for securities purchased.

For the fiscal year ended September 30, 2010, liabilities decreased by \$105 (or 31.6%) primarily due to a decrease in payable for securities purchased.

- For the fiscal year ended September 30, 2011, entity contributions to the System increased by \$3,031 (or 2.7%) from 2010. Actual entity contributions were \$114,679 and \$111,648 for 2011 and 2010, respectively.

For the fiscal year ended September 30, 2010, entity contributions to the System increased by \$33,909 (or 43.6%) from 2009. Actual entity contributions were \$111,648 and \$77,739 for 2010 and 2009, respectively.

Financial Highlights – continued

- For the fiscal year ended September 30, 2011, net investment loss was \$3,251 compared to net investment income of \$63,408 in 2010. Actual results were \$(31,429) and \$39,843 of net (depreciation) appreciation in fair value of investments for 2011 and 2010, respectively, and \$28,178 and \$23,565 in income from interest and dividends for 2011 and 2010, respectively.

For the fiscal year ended September 30, 2010, net investment income was \$63,408 compared to net investment income of \$5,963 in 2009. Actual results were \$39,843 and \$(14,378) of net appreciation (depreciation) in fair value of investments for 2010 and 2009, respectively, and \$23,565 and \$20,341 in income from interest and dividends for 2010 and 2009, respectively.

- For the fiscal year ended September 30, 2011, benefit payments remained the same as last year.

For the fiscal year ended September 30, 2010, benefit payments increased by \$4,872 (or 11.4%).

- For the fiscal year ended September 30, 2011, administrative expenses decreased by \$11,349 (or 24.7%) primarily due to increase in fees for professional services.

For the fiscal year ended September 30, 2010, administrative expenses increased by \$10,451 (or 29.2%) primarily due to increase in fees for professional services.

Plan Highlights

For the fiscal year ended September 30, 2011, the total return of the portfolio was -0.7%. Actual net investments (loss) income in 2011 and 2010 were \$(3,251) and \$63,408, respectively..

For the fiscal year ended September 30, 2010, the total return of the portfolio was 8.4%. Actual net return from investments increased in 2010 to \$63,408 from \$5,963 in 2009.

Overview of the Financial Statements

The basic financial statements include the Statements of Plan Net Assets and Statements of Changes in Plan Net Assets and Notes to the Financial Statements. The System also includes in this report additional information to supplement the financial statements.

The System presents two types of required supplementary schedules, which provide historical trend information about the System's funding. The two types of schedules include a schedule of funding progress and a schedule of employer contributions and other contributing entity.

The System prepares its financial statements on the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States of America. These statements provide information about the System's overall financial status.

Description of the Financial Statements

The *Statement of Plan Net Assets* presents information that includes all of the System's assets and liabilities, with the balance representing the Net Assets Held in Trust for Pension Benefits. It is a snapshot of the financial position of the System at that specific point in time and reflects the resources available to pay members, retirees and beneficiaries at that point in time.

The *Statement of Changes in Plan Net Assets* reports how the System's net assets changed during the fiscal year. The additions and deductions to net assets are summarized in this statement. The additions include contributions to the retirement plan from contributing entity (State of Florida) and net investment income (loss), which includes interest, dividends, and the net appreciation or depreciation in the fair value of investments. The deductions include benefit payments, refunds of member contributions, and administrative expenses.

The *Notes to the Financial Statements* are presented to provide the information necessary for a full understanding of the financial statements. They include additional information not readily evident in the statements themselves such as a description of the System, contributions, significant accounting policies, funding policy, and investment risk disclosure.

There are also two *Required Supplementary Schedules* included in this report as required by the Governmental Accounting Standards Board. The *Schedule of Funding Progress* presents historical trend information about the actuarially determined funded status of the System from a long-term, ongoing plan perspective, and the progress made in accumulating sufficient assets to fund benefit payments as they become due. The *Schedule of Employer Contributions and Other Contributing Entity* presents historical trend information about the annual required contributions and percentage of such contributions in relation to actuarially determined requirements for the years presented.

Additional information is presented as part of *Other Supplementary Schedule*. This section is not required but management has chosen to include it. It includes *Schedule of Administrative Expenses* which presents the expenses incurred in the administration of the System.

Notes to Financial Statements

September 30, 2011 and 2010

Note 1 - Description of the Plan

Organization

The City of Wilton Manors Volunteer Firefighters Retirement System (the "System") is a single-employer defined benefit plan established by the City of Wilton Manors, Florida (the "City") pursuant to the provisions and requirements of Chapter 21 of the City of Wilton Manors Code of Ordinances. Since the System is sponsored by the City, the System is included as a pension trust fund in the City's comprehensive annual financial report as part of the City's financial reporting entity.

The following brief description of the System is provided for general information purposes only. Participants should refer to the plan agreement for more detailed and comprehensive information.

Participants

All active members of the Wilton Manors Volunteer Fire Department are members of the System.

Membership

As of October 1, membership in the System consisted of:

	2010	2009
Retirees and beneficiaries currently receiving benefits	2	2
Active plan participants	8	8
Total participants	10	10

Funding Requirements

Members are not required to contribute to the System and benefits are not compensation related.

Pursuant to Florida Statutes, Chapter 175, contributions from the State of Florida Department of Insurance consist of an excise tax imposed by the City upon certain casualty insurance companies on the gross amount of receipts of premiums from policy holders on all premiums collected on casualty insurance policies covering property within the City. The allowable portion of the State ("contributing entity") contribution is used to reduce the City's contribution for Firefighters when received. The City is expected to contribute such additional amounts as are necessary on an actuarial basis to fund the System's expenses, normal cost and to amortize the unfunded actuarial accrued liability.

Pension Benefits

Normal Retirement:

The normal retirement date for a member shall be the first day of the month coinciding with or next following the attainment of the earlier of the member's fifty-fifth (55th) birthday, or the member's fiftieth (50th) birthday and completion of 20 years of continuous service as an active member of the Wilton Manors Volunteer Fire Department. A member will be 100% vested at the attainment of his normal retirement date regardless of any other provisions of the System.

City of Wilton Manors Volunteer Firefighters Retirement System

Notes to Financial Statements

September 30, 2011 and 2010

Note 1 - Description of the Plan - continued

Pension Benefits - continued

Members will receive a monthly pension benefit equal to \$56 (\$50 prior to November 14, 2006) multiplied by the years of creditable service.

Deferred retirement, disability, death and other benefits are also provided.

Investments

The System's investments are commingled with those of the City of Wilton Manors, Florida Pension Plan for General Employees and Police as more fully describe in Note 7. Due to the fact that the System's investments are commingled as discussed above, the System's investment policy, monitoring, authorization and allocation is the same as that of the City of Wilton Manors, Florida Pension Plan for General Employees and Police.

The System's investment policy is determined and approved by the Board of Trustees and is implemented by investment managers. In addition, the System's investments are monitored by an investment advisor. The City Code stipulates that the trustees shall, in acquiring, investing, reinvesting, exchanging, retaining, selling and maintaining property for the benefit of the System exercise the judgment and care under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs.

The trustees are authorized to acquire and retain various kinds of property, real, personal or mixed, and various types of investments specifically including, but not by way of limitation, bonds, debentures and other corporate obligations, and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire or retain for their own account. The investment of funds shall be in a manner that is consistent with the applicable sections of the City Code as well as State and Federal laws within the allocation percentages established by the trustees.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The System's financial statements are prepared using the accrual basis of accounting. Employer contributions are recognized as revenues when due pursuant to actuarial valuations. State contributions ("Other Contributing Entity") are recognized as revenue in the period in which they are approved by the State. Interest income is recorded as earned and dividend income is recorded as of the ex-dividend date. Benefits are recognized when due and payable in accordance with the terms of the System.

Cash and Cash Equivalents

The System considers all highly liquid investments with an original maturity of one year or less when purchased, to be cash equivalents.

City of Wilton Manors Volunteer Firefighters Retirement System

Notes to Financial Statements

September 30, 2011 and 2010

Note 2 - Summary of Significant Accounting Policies - continued

Investments

Plan investments are reported at fair value. Quoted market prices, when available, have been used to value investments. The fair value of quoted investments is based on the closing sales price or bid price as reported by recognized security exchanges. The market values for securities that have no quoted market price represent estimated fair value. Many factors are considered in arriving at that value. International equities are valued based upon quoted foreign market prices and translated into U.S. dollars at the exchange rate in effect at September 30, 2011 and 2010. In general, corporate debt securities have been valued at quoted market prices or, if not available, values are based on yields currently available on comparable securities of issuers with similar credit ratings.

Unrealized gains and losses are presented as net appreciation (depreciation) in fair value of investments on the statement of changes in plan net assets along with gains and losses realized on sales of investments. Purchases and sales of investments are recorded on a trade-date basis.

Given the inherent nature of investments, it is reasonably possible that changes in the value of those investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of plan net assets.

Income Tax Status

The System is exempt from Federal income taxes under the Internal Revenue Code and, therefore, has recorded no income tax liabilities or expense.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the System and the actuarial information included in the required supplementary information (RSI) are reported based on certain assumptions pertaining to the interest rates, inflation rates and member compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions may occur in the near term and, due to the uncertainties inherent in settling assumptions, that the effect of such changes could be material to the financial statements.

Subsequent Events

Management has evaluated events through March 6, 2012, the date which the financial statements were available to be issued.

Note 3 - Funding Requirements and Contributions

The actuarial valuation as of October 1, 2010 required a contribution of \$77,607 for the year ended September 30, 2011 and the actuarial valuation as of October 1, 2009 required a contribution of \$68,752 for the year ended September 30, 2010. For the years ended September 30, 2011 and 2010, the actual entity contributions were \$114,679 and \$111,648, respectively. The required contributions cover the following:

	2011	2010
Normal Cost	\$ 41,795	\$ 35,533
Amortization of the unfunded actuarial accrued liability	35,812	33,219
Total	\$ 77,607	\$ 68,752

Note 4 - Funded Status and Funding Progress

The funded status of the System as of October 1, 2010, the most recent actuarial valuation date, is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (AVA)	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Annual Covered Payroll	UAAL as a % of Covered Payroll

Note 5 - Deposit and Investment Risk Disclosures

Investment Authorization

The System's investment policy is determined and approved by the Board of Trustees. The policy has been identified by the Board to conduct the operations of the System in a manner so that the assets will provide the pension and other benefits provided under applicable laws, including City ordinances, thereby fulfilling the System's main objective of capital preservation with capital appreciation and some level of current income. The Trustees are authorized to acquire and retain every kind of property, real, personal or mixed, and every kind of investment specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations, and stocks, preferred or common.

Investment in common stock or capital stock shall be limited to those listed on a major U.S. stock exchange and limited to no more than 70% (at market) of the System's total asset value, with no more than 5% of the System's total assets, at cost, invested in the common stock of any one company. Moreover, not more than 20% of each portfolio shall be invested in any single industry at cost.

Managers should not purchase fixed income securities rated less than "A" by a nationally recognized rating agency. Except for U.S. treasury and U.S. Agency obligation, no manager should invest more than 5% of the System assets in the securities of a single issuer. No issues may be purchased with more than 15 years to maturity.

Types of Investments

Florida statutes and System investment policy authorize the Trustees to invest funds in various investments. The current maximum target allocation of these investments is as follows:

	2011		2010	
	Maximum target % of portfolio	Actual % of portfolio	Maximum target % of portfolio	Actual % of portfolio
Authorized investments				
Domestic equity	70%	57.3%	60%	55.8%
International equity	25%	0.0%	25%	4.3%
Fixed income	65%	38.7%	50%	37.4%
Cash equivalents	50%	4.0%	20%	2.5%

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. As a means of limiting its exposure to interest rate risk, the System diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer with various durations of maturities.

Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. This risk is generally measured by the assignment of a rating by a nationally recognized statistical rating organization. The System's investment policy utilizes portfolio diversification in order to control this risk.

*Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not have purchase limitations.

Concentration of Credit Risk

The investment policy of the System contains limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of plan net assets at September 30, 2011 and 2010.

Custodial Credit Risk

This is the risk that in the event of the failure of the counterparty, the System will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Consistent with the System's investment policy, the investments are held by City of Wilton Manors, Florida Pension Plan for General Employees and Police (the "Plan") custodial bank and registered in the Plan's name.

Note 7 - Management Agreement

The System has an agreement with the City of Wilton Manors, Florida Pension Plan for General Employees and Police (the "Plan") to keep custody of and manage the assets of the System. The Plan is providing this service as an accommodation and does not incur any fiduciary obligation to the System separate and apart from the fiduciary responsibility of the professional custodian and money managers to the Plan. For the years ended September 30, 2011 and 2010, \$780,066 and \$751,452 respectively, of the System's assets are included as assets on the Plan's combined statements of plan net assets with \$780,066 and \$751,452 reflected as a contra-asset account, to Assets Allocated to Firefighters Retirement System on the Plan's combined statement of plan net assets for each of those years. The System reflects the prorata allocation of these amounts each year within the various asset categories on the statements of plan net assets.
